THE NUKUHO NEWS - T1 W6

Kia ora Parents and Whānau,

It has been very pleasing to see the number of students getting involved and giving new things a go. Over the next two weeks in particular we have a significant number of students taking part in Soccer, Golf and Top School. Many for the first time.

We always encourage our students to step out of their comfort zones and try new things. As we know, learning new things and trying something different can be challenging, even as adults, but by accepting a new challenge, and choosing to take the first step, our tamariki will develop greater confidence and self-belief and this will show through in all areas of their learning. Please continue to encourage and support your tamariki to get involved and try new things. As whānau, the positive messages and support you give your children makes a big difference.

Next Wednesday we are having our 'Meet the Team' afternoon and we would love to see as many whānau attend as possible. This is a relaxed, informal catch-up and a chance to put faces to names, particularly if you haven't yet had the chance to meet myself or your child's teacher. It is important to us that we have strong relationships with our parents and whānau and that we are all working together to give your child the best. So if you are available, please come down, have a swim, grab a free sausage and say hi.

Thanks for the support you have already shown our Easter Raffle. We were pleasantly surprised with the number of students who came in this morning asking for extra tickets. All the profits from this raffle goes directly towards our senior camp at the end of the year so we appreciate your support.

Enjoy your weekend and I look forward to seeing our awesome tamariki again on Monday.

Ngā mihi nui,

Matua Josh

Student Sign-in Cards

Beginning Monday, every late sign-in/arrival will need a sign-in card from the office. Most students do a great job of signing-in at the office, however it is important to us that we know exactly which tamariki are on-site at all times. A sign-in card confirms to the teacher that your child has been through the office and will ensure their attendance has been tracked. If you are dropping-off multiple students, they will all require their own sign-in card to show their teacher.
